

Chicago Area All-Star Math Team D Team Nomination Form

The goal of the CAASMT Developmental or D team is to develop promising freshman and sophomore students into exceptional A/B team members. In order to do this, we need math team coaches to help us by nominating freshmen and sophomore students who show promise in their participation on math team, but who are unlikely to qualify for the A or B teams outright. **In order to be selected for the D team, a student must also attend the tryouts on January 28 at Evanston Township High School.**

Student's Name: _____

School Name: _____

Current Math Course: _____

Grade Level/Year in School: _____ (must be 9th or 10th grade)

Nominating Coach: _____

Coach's email: _____ Phone: _____

If recommending more than one student, how does this student rank compared to other nominated students? _____

Would you recommend this student ahead of your other students, even if his/her tryout score were slightly lower than theirs? _____

Please rate your student on each item using a scale from 1 (least/worst) to 4 (most/best), and explain or describe the basis for your rating (for example "Always asks for extra problems after practice" or "AMC-10 : 120")

_____ **Reliability** **Explain:** _____

_____ **Effort** **Explain:** _____

_____ **Interest/Enthusiasm** **Explain:** _____

_____ **Teamwork/communication** **Explain:** _____

_____ **Ability** **Explain (e.g. scores on AMC/AIME/NSML)** _____
